

**"A Combination of Durable Design,
 Even Heat Performance,
 and Field Tested Technology"**

Cadco LineChef™ Convection Oven's advanced features enhance the cooking performance and extend durability for long lasting use

I. Performance:

Advanced Airflow Design - Perfect cooking results are achieved through a special unique baffle system, and a durable motor that includes high temperature ball bearings. Improved airflow in the cooking chamber creates even baking every time.

Programmable - All our advanced Digital model convection ovens have digital programmable control panels. Perfect for handling repetitive menus and reducing employee training. Just program in time and temperature, press the start button and the oven takes over.

Humidity Control - Most models are equipped with a humidity feature. Excellent for baking all kinds of bread products and creating crispness in foods for that crunchy taste.

II. Durability:

Dura-Body Construction - All ovens are made of heavy duty stainless steel inside and out. Each component is designed, tested and quality controlled to work for 10,000 hours.

Heavy Duty Door Design - The hinges on the oven doors are reinforced and perfectly balanced to handle over 60,000 openings and closings.

III. Safety:

Safety Design - Each oven comes with a "cool-touch" double wall glass door and the oven cavity is wrapped in high "R" value insulation.

Nationally

Executive Chef Support:

- Cadco has an Executive Chef on staff to assist you with your performance and food related questions

Technical Support:

- We also have technical personnel for phone support to insure proper installation and answer your aftermarket questions.

In your local market, we have the support you need.

Sales Reps:

- On-site training available locally from our trained representatives

Service:

- National service available locally through our network

Corporate Headquarters:

- Cadco, Ltd.

**"The Performance Leader
 in Foodservice Ovens"**

Convection Ovens

Digital Programmable Controls Models

- Full and Half Size models
- 120V and 208-220V models

Manual Controls Models

- Full, Half, & Quarter Size models
- 120V and 208-220V models

Line Chef™ Convection Ovens...

Heavy-Duty, High-Performance Countertop Convection Ovens

All LineChef™ Convection Oven Models feature:

- **Advanced airflow design with patented baffle**
- Heat settings from 175°-500° F
- Dura-Body heavy duty stainless steel construction
- High temperature motor bearings
- Safety design: "cool-touch" double wall glass door
- Oven cavity is wrapped in high "R" value insulation
- 3" between shelves
- Interior halogen light
- Reinforced door design
- NSF, UL through CSA Standards / listed by UNOX S.p.A.
- Designed to accommodate modular stacking for customized configuration
- Stands available for all Half Size & Full Size Oven Models

Manual Control Models

- Manual control knobs: Time, Temperature
- All models except XAF-103: Manual Humidity
 - 60 minute timer beeps at end of cycle
- 2 Year Limited Warranty: 1st year: Parts & On-site service [208-240V models] or carry-in service [120V models]; 2nd year parts only; 1 year on motor & fan; 90 days on gaskets & lights

Model XAF-103:
Quarter Size/3 Shelves/.92 cu. ft.
 ● Handles 3 - 1/4 size sheet pans
 ● H 16-7/8" x W 19" x D 22-3/16"
 ● 120V/ 1450W/ 12 Amp/ NEMA 5-15P

Model XAF-113:
Half Size/3 Shelves/1.75 cu. ft.
 ● Handles 3 - 1/2 size sheet pans
 ● H 16-7/8" x W 23-5/8" x D 28-1/8"
 ● 120V/ 1450W/ 12 Amp/ NEMA 5-15P

Model XAF-133:
Half Size/4 Shelves/2.27 cu. ft.
 ● Handles 4 - 1/2 size sheet pans
 ● H 20" x W 23-5/8" x D 28-1/8"
 ● 208-220V/ 2700W/ 12.3 Amp/ NEMA 6-15P

Model XAF-183:
Full Size/3 Shelves/3 cu. ft.
 ● Handles 3 - full size sheet pans
 ● H 19-7/8" x W 31-1/2" x D 32"
 ● 208-240V/ 4600W/ 20 Amp/ NEMA L6-30

Model XAF-193:
Full Size/4 Shelves/3.85 cu. ft.
 ● Handles 4 - full size sheet pans
 ● H 23" x W 31-1/2" x D 32"
 ● 208-240V/ 5600W/ 24.4 Amp/ NEMA L6-30

Digital Control Models

~Programmable Models Make Training Your Staff Quick & Easy!~

- Digital programmable controls - up to 70 programs
- 10 hour timer or continuous on; beeps at end of cycle
- Automatically reversible fan for even heat
- Micro safety switch shuts oven off when door is opened
- 2 Year Limited Warranty: 1st year: Parts & On-site service; 2nd year parts only; 1 year on motor & fan; 90 days on gaskets & lights

Digital Classic Control Panel Models

- Classic control panel; No humidity or water pump; no proofer option
- Programmable controls: Time, Temperature

Model XAF-111:
Half Size/3 Shelves/1.75 cu. ft.
 ● Handles 3 - 1/2 size sheet pans
 ● H 16-7/8" x W 23-5/8" x D 28-1/8"
 ● 120V / 1450W / 12 Amp / NEMA 5-15P

Model XAF-130:
Half Size/4 Shelves/2.27 cu. ft.
 ● Handles 4 - 1/2 size sheet pans
 ● H 20" x W 23-5/8" x D 28-1/8"
 ● 208-220V/ 2700W/ 12.3 Amp/ NEMA 6-15P

Digital Dynamic Control Panel Models

- Dynamic control panel; Humidity; Optional proofer
- Programmable controls: Time, Temperature, Humidity

Model XAF-115:
Half Size/3 Shelves/1.75 cu. ft.
 ● Handles 3 - 1/2 size sheet pans
 ● Includes EL080 Auxiliary Water Pump
 ● H 16-7/8" x W 23-5/8" x D 28-1/8"
 ● 208-240V/ 2700W/ 12.3 Amp/ NEMA 6-15P
 ● **Optional Proofer: Model XAL135**

Model XAF-135:
Half Size/4 Shelves/2.27 cu. ft.
 ● Handles 4 - 1/2 size sheet pans
 ● Includes EL080 Auxiliary Water Pump
 ● H 20" x W 23-5/8" x D 28-1/8"
 ● 208-240V/ 2700W/ 12.3 Amp/ NEMA 6-15P
 ● **Optional Proofer: Model XAL135**

Model XAF-188:
Full Size/3 Shelves/3 cu. ft.
 ● Handles 3 - full size sheet pans
 ● Includes electro valve for direct water connection
 ● H 19-7/8" x W 31-1/2" x D 32"
 ● 208-240V/ 4600W/ 20 Amp/ NEMA L6-30
 ● **Optional Proofer: Model XAL195**

Model XAF-195:
Full Size/4 Shelves/3.85 cu. ft.
 ● Handles 4 - full size sheet pans
 ● Includes electro valve for direct water connection
 ● H 23" x W 31-1/2" x D 32"
 ● 208-240V/ 5600W/ 24.4 Amp/ NEMA L6-30
 ● **Optional Proofer: Model XAL195**

Optional Proofer for Digital Dynamic Control Panel Models

- Proofer controlled by the Digital Dynamic Control Panel of the oven in modular configuration.
- Temps to 122°F

Model XAL135:
Half Size Proofer
 ● Handles 8 - 1/2 size sheet pans
 ● H 29-7/8" x W 23-5/8" x D 22-13/16"
 ● 208-240V/ 1200W/ 5.5 Amp/ NEMA 6-15P

Model XAL195:
Full Size Proofer
 ● Handles 8 - full size sheet pans
 ● H 29-7/8" x W 31-1/2" x D 28"
 ● 208-240V/ 1200W/ 5.5 Amp/ NEMA 6-15P
