## The great Incanto line: in a class of its own

Experience the dream of every coffee lover.

Saeco Incanto line

### Grind your favorite coffee beans

- Adjustable ceramic grinders
- Bean to cup system
- Adjust coffee length, temperature and strength
- Patented adjustable espresso crema and body structure

### Easy to use

- Pannarello to froth milk as you like
- Cup warmer
- Ergonomic in day-by-day operations

### Easy to clean and maintain

- Automatic cleaning and de-scaling
- Removable brewing group

# Highlights

## Adjustable ceramic grinders

Whole beans are freshly ground for every cup by ceramic grinders, always preserving their full aroma and never overheating the coffee.

## Coffee customization

With Saeco full automatic machines, you can customize your espresso as you like it: from a strong short espresso to a mild long coffee

## SBS (Saeco brewing system)

Saeco exclusively allows you to adjust your espresso's intensity, altering the crema and body structure as it is dispensed. Simply by turning the knob you can prepare the crema exactly according to your taste. A little knob that makes a big difference.

## Bean to cup system

It means that whole coffee beans are freshly ground and directly processed for each and every beverage.

## Cup warmer

This feature allows you to not only store your cups and glasses right on the machine, it also pre-heats them letting the aroma unfold even better and guaranteeing a long-lasting crema

## Pannarello

With the pannarello you can froth your milk exactly according to your preferences. Just dip the pannarello in the milk, while slowly stirring the milk with a rotary movement. Froth the milk as long as you want for more or less foamy milkfroth.

## Ergonomy

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box

or the drip tray, all compartments are directly accessible.

## Autocleaning and de-scaling

Easy to use includes easy maintainance: Thanks to the automatic cleaning and de-scaling cycles, you are guaranteed perfect enjoyment every day and maximum longevity for your machine.

## Removable brewing group

The brewing group is at the heart of every fully automatic coffee machine and it should always be kept clean. A task that doesn't get any more convenient than with a Saeco: remove, rinse and re-insert – finished.

# Specifications

## Perfect Espresso

- Espresso technology: Aroma-system: pre-brewing, SBS: creme adaptor, Cup warmer

## Technical data

- Boiler: Stainless steel
- Frequency: 60 Hz
- Power: 1250 W

- Voltage: 120 V
